Your Initial Visit

Your first visit will be a consultation appointment. During this visit, Dr. Clark or Dr. Patel will review your medical history, medications, allergies and treatment options. Please bring the following to your consultation appointment:

- Referral brochure
- Medical and Dental insurance information
- A list of current medications
- A list of your physicians

Unmarried patients under the age of 18 must be accompanied by a parent or legal guardian.

Insurance

Our office will be pleased to assist in submitting your insurance claims. For us to do so in a timely manner, please present your insurance information at your initial visit. Since you are the policy holder, you are primarily responsible for your account. All patient copayments are due at the time treatment is provided.

Appointments

Our office hours are 8:00 AM to 5:00 PM Monday through Thursday and 8:00 AM to 3:30 PM on Friday.

All visits are taken by appointment. However, we do our best to accommodate emergencies.

Our office personnel strive to provide quality care in a courteous, comfortable and efficient manner. We want your experience with us to be a positive one in a warm and sensitive atmosphere.

Oral & Maxillofacial Specialists

As oral and maxillofacial surgeons, Dr. Clark and Dr. Patel are specialists within the dental community, and specialize in the following:

- Replacing missing teeth with dental implants
- Removing wisdom teeth and difficult to extract teeth
- Removing lesions within and around the facial region
- Treating temporomandibular joint dysfunction (TMJ)
- Surgically correcting jaw deformities, such as an underbite or a protruding chin
- Providing IV sedation for dental procedures

Dr. Clark and Dr. Patel have had extensive training in providing both intravenous sedation and general anesthesia. Both techniques are a light state of sleep in which the patient is comfortable and unaware of the procedures being performed.

Dr. Clark and Dr. Patel are regularly tested and licensed by the State of California to provide general anesthesia.
